Bug #001: Missing Footer Links on Mobile Viewport **[HIGH]**

Description: When accessing the site via Mobile Chrome (Pixel 5 emulated), several Footer elements (Privacy Policy, Accessibility, Newsletter Subscription, LinkedIn Icon) failed to locate in the DOM resulting in a 5000ms Timeout.

Impact: Mobile users cannot access key legal policies or subscribe to the corporate newsletter.

Environment: Mobile Chrome / WebKit Mobile

Bug #002: VosynCore CTA missing standard Href **[MEDIUM]**

Description: The "Learn About VosynCore" button inside the Features spotlight returns a null `href` attribute when inspected via Playwright `getAttribute('href')`.

Impact: Relies on potentially fragile JavaScript `onClick` handlers rather than semantic HTML anchor tags, which harms SEO and screen reader accessibility.

Environment: Desktop Chromium
